Legislators, Residents, Wish Deferment Of Matter Until March Town Meeting

Indicative of the deep interest and concern felt, not only by the residents of the Interlaken-Morningside Heights sections of Arlington, relative to the sale of a large tract of land located between Mystic Street and the Medford Boat Club, a large delegation was present at the recent hearing before the MDC. Included in the group were town officials and town meeting members who would like to have the area developed as a possible park or playground area.

Among the sealed bids for the 303,215 square feet of land in question, was that of Denis Robinson, president of the High Voltage Engineering Corporation, who, it is understood, represented a group of MIT professors, in submitting their bid for \$31,000 for this land. Town To Observe Patriot's Day With Parade, Pageant And Ball

As the Patriot's Day, of 1950, will mark the 175th anniversary of this famous day, it has been the expressed opinion of Arlington citizens that "something out of the ordinary in the line of celebration of the event, should be considered."

Receiving immediate and unanimous acceptance throughout the town, tentative plans have already been considered which will mark the coming celebration as a far cry from the usual routine program observed here on April 19.

Chairman William S. Batchelor, commander of the Arlington Post 1775, V F W, was recently elected permanent chairman of the committee, with Miss Dorothy Lucas, of the Marine Corps League as auxiliary secretary.

April 19th of next year will fall on a Wednesday, and tentative plans are in the making for a pageant to be held on the previous Saturday afternoon. A mass religious service to be held at the Warren A. Peirce field on Sunday afternoon, with a military ball on the holiday eve, a military and patriotic parade are among the events to be featured. And of course the usual greeting of the riders impersonating Revers and Dawes on the day

Edmund L. Frost, one of Arlington's popular and successful native sons, will seek election in the next town election to be held in March 1950, as Selectman to succeed Joseph Peterson, who recently disclosed to the public his decision not to run for re-election. The many friends and admirers of Mr. Frost

throughout the town and among various groups have enthusiastically welcomed his willingness to be a candidate for Selectman and hail him as a worthy successor to Mr. Peterson, who served the town most creditably for six years in that capacity.

A life-long resident of Arlington having been born here in 1908, Mr. Frost graduated from Massachusetts State College in 1931. His many civic activities include Chairmanship of the Arlington Red Cross War Fund Drive in 1943 and 1944, Chairmanship of the Advance Gifts Division of the Community Fund campaigns in 1947 and 1948, and membership in the Arlington Citizens Committee. Mr. Frost has continuously served as Robin Memorial Library Trustee since 1944. At the recent special town meeting Mr. Frost reported as the Chairman of the committee appoint

Former Arlington Man Named To State Education Program

The appointment of Dr. Franklin P. Hawkes, superintendent of schools of West Springfield since 1940, and formerly of Arlington, as the first director of fair education practices was announced last week by the State Board of Education. While here, he was principal of the West Junior High School. He also taught at the Taunton High, Milton High and was principal of the East Bridgewater high school. He was superintendent of schools in Abington from 1938 to 1940. Dr. Hawkes, 54, will take over the \$6660-a-year job on January

1th, at which time, he states, he will relinquish his present position at West Springfield.

He has also completed graduate work at Harvard University and at the Columbia Teachers College.

The newly created post of director of fair education practices in the State department of Education, under the new law, will result it is hoped in friendly cooperation between the board and educational institutions throughout Massachusetts, to work against racial and religious discrimination in the schools. The work of the new post will include investigation of any complaints of "unfair practice," when submitted in the form of a petition by the complainant or by parent or guardian. Board decisions are subject to judicial review.

Gov. Dever Urges Great Care In Holiday Driving

During the month of December, 1948, Massachusetts had 64 highway fatalities, and 4306 persons were injured in highway accidents, five per cent of whom were left crippled and disfigured for life.

Six automobile injuries per hour, two deaths per day, is a terrible price to pay for discourtesy, carelessness, and recklessness on our highways.

His Excellency, Paul A. Dever, Governor of the Commonwealth of Massachusetts, and Rudolph F. King, Registrar of Motor Vehicles, call these startling accident figures to the attention of every citizen, with the further fact that there are 69,000 more motor vehicles registered in Massachusetts than a year ago and 32,000 more licensed operators, making the exposure to accidents even greater this year than last. They urge every motorist and pedestrian to be more careful and courteous in driving and in walking during December, 1949, to eliminate these highway tragedies.

Looking forward with pleasant anticipation to the holiday festivities, let each one of us add to our season's greetings this important thought: "And on our highways, peace, good will toward fellow motorists and pedestrians."

GRID FLASHES

By FRANK MAHONEY

Coach Henry Toczylowski rates Arlington's current team as the best he has ever coached. And he's had some fine teams previous to this one. In the game with Waltham High, which Arlington won by a single touchdown, 13-6. Waltham was undoubtedly the toughest opponent confronted by the Red Raiders all season. Waltham is a perennial Class "A" powerhouse.

In addition to the 35 players who will make the trip, the group will include the three coaches, faculty manager, Bill Lowder and the three managers. The group will be headed by headmaster Raymond S. Morrill, team physician, Dr. Patrick Campobasso, will also be with the group. Two Pullman cars have been reserved for the official party and two additional cars have been set aside for the loyal and enthusiastic rooters of the team. All will leave South Station at 8:30 a.m. on Tuesday, December 13th. Every Boston newspaper will be represented in New Orleans come time for the kick-off.

Raymond S. Morrill, Headmaster of Arlington High school is quite thrilled at the manner in which the entire town is supporting the drive to raise \$10,000 for the trip. From the enthusiasm evident, especially among the students who are helping in the campaign, Arlington is confident of reaching its goal before the weekend.

For those still interested in contributing, checks may be sent to the treasurer of the Arlington National Bank in Arlington Center. Such checks should be made payable to A. H. S. Bowl Committee.

Just what you've always wanted in stockings...fabulously sheer, full-fashioned nylons, in shades to blend with—and flatter—your very own skin tones. For correct colors, perfect fit, and long wear, we recommend "As You Like It" hosiery.

Minute Man Car Wash Does A Beautiful Job

An amazing new automatic car laundry that will vacuum the interior, wash and dry your car in less time than it takes you to smoke a cigarette, has been opened at 592 Mystic avenue, Somerville.

Its name is the Minute Man Car Wash and it features a new revolutionary car-washing process which has proved so successful that its counterparts are springing up all over the country. And the proprietor is a Somerville man, John Silk of 82 Marshall street.

Your car is hooked up to a conveyor belt system after the interior has been vacuumed with power cleaners. Then a trained crew tackles the car with water and extremely soft cloths to loosen the dirt & grime.

Then the real operation begins. The car is carried along the conveyor belt into a system of continuously rotating, water sprayed brushes against the front, the top sides, the wheels and the rear of the car. The brushes are made of a special soft texture material that will not mar the finish of the finest car.

Then when all the dirt has been thoroughly removed the excess water is blown off by a powerful 50-horse-power blower which plays streams of quick drying fresh air over the entire exterior of the car. Then attendants go over the entire exterior with soft Turkish towels and the vehicle is released from the conveyor belt completely dried. Finally, before the car is allowed to leave the laundry an inspector looks it over carefully to dust and dirt has been removed.

Needless to say, after the car process, there is little likelihood that the inspector will find anything to complain about.

The Minute Man process is amazing to watch and years have been spent in perfecting it. The car owner who tackled the job of washing his car himself, with hose, and buckets and sponge has had to spend a good deal of time on the operation, and then the results are not always satisfactory.

Car Wash on Mystic avenue, the whole operation takes not more than seven minutes from the moment the boys open the doors and shove the vacuum nozzles. you will be ready to drive out with a car that looks as bright and as dandy clean as if it were brand new.

Mr. Rockett was a past grand knight of Arlington Council, No. 109, K. of C., a member of Bishop Cheverus Assembly, Fourth Degree K. of C., Boston; Arlington Lodge of Elks; St. Malachi Court No. 81, Massachusetts Catholic Order of Foresters, Arlington and the Immaculate Conception Holy Name Society, North Cambridge. He leaves a brother, William I. Rockett of Newton.

CALL FOR STATE RECREATION BOARD

Recreation supervisors from four Massachusetts communities, Cambridge, Reading, Somerville and Arlington, sponsor legislation proposed in a bill filed in the Senate on Monday, for the establishment of a state recreation board.

Two Town Officials Not To Run Again

Joseph Peterson, chairman of the Board of Selectmen, has announced that he will not be a candidate for re-election at the annual town election to be held next March.

Daniel A. Purcell, chairman of the Board of Park Commissioners has also announced a similar decision.

Mr. Peterson has acted for two

terms as a member of the Board of Selectmen over a period of six years. Mr. Purcell is now terminating his first three year term as a member of the Park Commissioners.

It is expected that there will be several candidates to come out for the above named important offices.

THERMIQUETRON AIDS FEMININE CHARM

Modern dress and good grooming make it imperative that a smooth, lovely complexion and arms and legs free of hair be the major assets of all well-dressed and fastidious women. The affect of a provocative hat and the allure of sheer hosiery are ruined when superfluous hair is present. The boom of the cosmetic industry is sufficient proof that people in all walks of life wish to look and feel their best.

There are countless depilatories and abrasives on the market which give temporary relief and many women resort to tweezing, bleaching and shaving unwanted hair on the face and all parts of the body. A great many cases, however, cannot be successfully helped by any temporary methods and only permanent removal is the solution.

To successfully and safely remove unwanted hair permanently, it is necessary to be treated by an experienced and skilled operator using the most modern and scientific equipment. The Thermiquetron System of Epilation has been widely acclaimed and praised for its great success in safely, speedily and permanently removing superfluous hair. It has earned the heartfelt thanks of all who benefited so greatly and are free from that problem. No one need suffer embarrassment or annoyance when Thermiquetron guarantees relief to all who wish to possess a smooth and lovely skin so necessary for feminine appeal.

Christmas Choral Concert Dec. 18

The combined choirs of the First Baptist Church of Medford, will present at the church on Sunday evening December 18th, at 7 o'clock a carefully selected program of Christmas music including choral arrangements of Christmas carols from many lands and featuring the very effective Fred Waring arrangement of The Song of Christmas. This program will feature a full chorus of mixed voices, soloists, organ, piano and bells.

Narration and script are being handled by Arthur Jones of radio station WBKA. Soloists will include Elaine Wynne of Everett, Adele Khoury of Boston, Edgar Isherwood of Arlington and John Hardy of Natick. The whole concert is under the direction of Dr. Arthur J. Watzinger of Wellesley, the organist and Minister of Music of this church.

The public is cordially invited to participate in this musical treat.

Joins Choir At Bates College

Robert M. Rice, Jr., the son of Rev. and Mrs. Robert M. Rice, of 81 Jason street, is a member of the choir and choral society at Bates College, Lewiston, Maine. The members are participating in the annual Christmas vesper service on the campus December 11. Rice is a sophomore at Bates, and is studying for his A.B. degree. A graduate of the Arlington high school, class of 1948, he was very active in dramatics and in intramural sports.

MUNICIPAL EMPLOYEES ELECT OFFICERS

At the annual meeting of the Arlington Municipal Employees Association, held in the Hardy school, the following slate of officers was elected for the coming year:

President, James Carmody, of the Arlington Police Department; Vice-president James Dolan; Treasurer, Thomas Geary; Corresponding secretary, Mrs. Evelyn Harrington and Recording Secretary, Miss Eleanor Budden.

Rotary Slips After Early Sutton Lead

In spite of Billy Bongiorno's high of 117. Commerce could salvage but one point after the receipts were all counted in the Inter-club Bowling Leagues session Tuesday of last week.

Rotary was on its way to a four point win over the Lions, winning the first two strings. Captain Reed and his mates had a 48 pin bulge going into the last string with a tidy 112 credited to Lee Tarbox being a major factor. Sad to say, for the Rotarians at least, the Lions began marking up the sheet with smudge spots while the basement dwellers blew all to pieces. Lions won by 60 pins to make it a 2-2 for the night.

Belfry, in spite of the presence of John Dummy, took four from Sutton and the East Lexington Men's Club lowered the boom on Briggs. 3-1. The Grange Knights of Columbus match was postponed.

Arlington high school and a mem-
ber of the Aquinas Circle at Bos-
ton College. He is an army veteran

Crosby P. T. A.
Brotherhood Meet

The second meeting of the series
of "Brotherhood" programs being
sponsored by the Crosby P. T. A.
will be held Tuesday night, Decem-
ber 13, in the Crosby School Hall.
The sponsors are endeavoring to
increase understanding among var-
ious groups by featuring a differ-
ent nationality at each meeting.

Interest in these meetings is im-
proving to be not confined to the
Crosby P. T. A. Support of all kinds
is being given by persons of the
various nationalities, including a
number of persons outside the
sponsoring organization. In No-
vember there was an inspiring
"Italian Night". The coming meet-
ing will be "Scotch-English Night",
with a full and promising program.

The Reverend Nicol Mark, Scot-
tish pastor of the Unitarian Church

of Arlington, will be the guest
speaker. One of the colorful fea-
tures of the program will be the
appearance of Mr. Frank Henry
of Medford, well known member
of the Boston Caledonian Pipe Band
who will play the bag-pipes. There
will be a Scottish dance, and Mrs.
Fred Fowler and Mrs. Fred Butler
will appear in Scottish costume.
English Christmas carols will be
sung by Mr. Samuel Carlisle, bar-
itone. Refreshments will served by
the members of the Scottish-Eng-
lish committee under the chairman-
ship of Mrs. Fred Fowler. They
are: Mesdames Fred Ditmars, Nel-
son Brown, William Weems, Ronald
Bussey, Raymond Marsters, and
James Hillis. Arts and crafts will
be displayed. Visitors to these in-
teresting and inspiring programs
are always welcome.

VETERANS ADMINISTRATION
GIVES DETAILS OF PAYMENT

The Director of Veterans' Serv-
ice at Arlington has been advised
by Mr. Walter V. Robinson, Veter-
ans Administration Insurance Offi-
cer for the Boston Regional Office,
17 Court street, of the order in
which checks will go out to the
first large group of applicants for
their share of the \$23 billion Nat-
ional Service Life Insurance spe-
cial dividend, payment of which will
begin in January.

Generally, the checks will be is-
sued on the basis of the last three
digits of the service serial number.
The full serial number is of no sig-
nificance in determining order of
payment. These will be handled
separately.

Applications will be broken down
into groups as they are received.
These groups will be separated into
ten processing units by the last
serial digits from zero to nine. The
first large group of applications is
now being worked on in this man-
ner.

Thus, a veteran whose serial
number is 34569000 will be included
in the first mailing because the last
three digits of the serial number
are three zeros; whereas a veteran
whose serial number is 100990 will
be included in the later mailing be-
cause the last three digits of his
number are 990.

There is a voucher-writing mach-
ine for each of the ten groups. The
overall number of accounts it is
hoped to handle will be 200,000
every day. This total will be reach-
ed by drawing out 20,000 each
from each of the ten groups.

Mr. Robinson explained that
method of payment was selected
after a careful study of all factors
as the most non-discriminating
system that could be devised. For
veterans who had more than one
serial number while in service, VA
will use the number in each case
that appears on the NSLI certifi-
cate. Subsequent applications re-
ceived will be handled in the same
manner. The dividend application
number, which appears on the ac-
knowledgement card returned to the
applicant, has no bearing on the
order of payment, Mr. Robinson
said.

STORK QUOTATIONS

The following is a list of births at the Symmes Arlington Hospital for the week ending Midnight, Sunday, November 27th, 1949:

To: Mr. and Mrs. John Sacco (Dorothy M. Bucher) of 22 Baker st. Belmont, a son named Richard Donald, on November 21st, 1949 at Symmes Arlington Hospital.

MDC HEARING —

voted to determine what the tract of land would bring in an open market, and therefore invited the

bids for the former "Water Board land" now considered "excess" by the Commission. If the area were to be developed as an MDC park, it could not be restricted solely to Arlington residents.

The Arlington Park Commission, on the other hand, are said to have indicated to the Commission some months ago, that they could not see their way clear to recommending to the town that it acquire this land for development of a park or playground, in view of the park land already owned by the town.

On Thursday, December 1st, a large group of residents of the Interlaken and Morningside sections of Arlington attended a hearing before the Metropolitan District Commission at 20 Summer street, Boston. They expressed great concern over the possible sale of a large tract of land located between Mystic street and the Medford Boat Club which is now under the control of the Metropolitan District Commission. The residents were hopeful that the Commission would retain this area as a beauty spot and park location for this district. Residents of Precinct 9 do not now have a suitable park area. The Commissioners were asked to hold up on any sale of this land until the town, at the next March town meeting, should have opportunity to decide whether the town wished to take over this land for park purposes.

Representative Henry E. Keenan asked to have read into the records all correspondence that there has been between the local Park Commissioners, interested citizens and spokesmen for the group. Representative Hollis Gott also requested the Commissioners to hold up on the sale until the town as a whole has had opportunity to investigate the entire matter and to take action in the next town meeting. Mr. Daniel McFadden, representing the Arlington Park Department, stated clearly the Department's attitude in the matter and likewise asked that an opportunity be given for discussion of the subject at the next annual town meeting.

The Metropolitan District Commission took the whole matter under advisement and will notify the interested parties of the decision in the near future.

COUNCIL OF WOMEN TO MEET FRIDAY

The Arlington Council of Church Women will hold a meeting on Friday afternoon, December 9th, at St. John's Episcopal church, Pleasant street, Arlington. The speaker will be Mr. Charles Rufus Ostrom, New England representative of Church World Services, who will talk on Displaced Persons. This will be an open meeting.

PATRIOT'S DAY —

tion on the evening of Patriots Day.

Mrs. Stanley R. Kingman, of the Arlington Military Manpower Committee, has been empowered to contact the New England military district, for the purpose of making arrangements for the participation of military units, bands, tanks, organizations, etc. A number of army tanks have already been placed at the disposal of the committee for parade participation. Service clubs, P.T.A. groups and others, will be invited to enter floats of apatriotic or historical nature, and school groups will be invited to participate. There will also be a division for bicyclists with suitable prizes. A much longer route of march than in the past is also being considered by the committee.

It was voted at a recent meeting of the committee, through the Board of Selectmen to send invitations to President Truman and Governor Dever to attend Arlington's celebration, as invitations have been extended these two leaders by the Lexington committee to attend the latter town's celebration.

The committee chairman appointed at the first meeting included: Representative Henry E. Keenan, legislative; Mrs. Kingman, military units for the parade; Francis O'Hara, program; Mrs. Gordon Williams, religious service; Leonard Wood, pageant, and L. Albert Brodeur, public relations.

Universalist Fair Attracts Crowds

With the spirit of the holiday

season permeating the atmosphere, the annual Christmas fair of the First Universalist church got off to an excellent start on Wednesday morning, in the Parish Hall. Many compliments were given to Mrs. James Horrigan, in charge of the gayly decorated gift tables, upon which were displayed gift items for this popular event.

mittée headed by Mrs. Albert Freeman, met with great success. Mrs. Albert Freeman, who was chairman of the luncheon committee reported a complete sell-out for this popular event.

Over two hundred guests were served by the dinner committee, headed by Mrs. Andrew J. Moore, enjoyed the delicious dinner of ham and all the fixings, served at 6:30. Following the dinner, the ever popular two-act play "The Old Peabody Pew," was presented under the direction of Mrs. Clyde Haynes, in the church auditorium.

The cast included Mrs. James Horrigan, Ernest Hesselstine, Mrs. Edwin Booth, Jr., Mrs. Charles Francis, Miss Jean Norton, Mrs. Johannes Johnson, Mrs. William Simpson, Miss Elizabeth Yerrington and Mrs. Ross Chapin. Much credit for the great success of the affair goes to Mrs. Norman J. Griffin, 151 Overlook road, general chairman and her committee.

Red Cross Urges Shoppers To Avoid "Last Minute" Rush

Shop early! That's the advice the Accident Prevention Service of the Boston Metropolitan Red Cross Chapter, in its warning to Christmas shoppers.

"Plan to avoid the unnecessary last minute Christmas rush, which brings about fatigue and carelessness," declared E. Forest Hallet, director of the Accident Prevention Service in Boston.

"It's fun to shop if you allow yourself plenty of time and plan your purchases before you start out. Know just what you want for friends and relatives and your Christmas shopping won't become a tedious chore, minus the holiday gaiety and cheer that it should have."

"Housewives should arrange to shop in the off-hours of the day, finishing up with their bags and boxes soon enough to avoid the evening rush hour crowds."

"Every precaution should be taken in crossing the street when you're laden down with packages; make sure your vision is not obscured by these packages. At crowded intersections, wait for the proper pedestrian signal to cross and watch out particularly when stepping off curbs, keep your bundles to one side so that you see the step clearly."

"Last minute shopping means much thoughtless dashing in and out of shops, across streets, between parked cars; it means the ignoring of proper traffic signals and it all adds up to real serious accidents."

"Take every precaution to prevent holidays filled with pain and tragedy. Plan your shopping early, get started on it early, and then relax and enjoy the holiday season," said Hallet.

First Hearing On Streets Long Drawn Out Procedure

The first of the two public hearings held by the Arlington joint board of selectmen, and the board of public works, relative to the acceptance of twelve streets in Arlington, brought out a large group of interested citizens. The streets in question include the following: Cedar Avenue, Renfrew, George and Laurel streets, Overlook and Huntington roads.

The abutters were informed by the chairman of the joint boards, Joseph Peterson, that the proposed Class B construction would consist of a 25-foot roadway, with a 7 1/2 foot roughly graded sidewalk, bituminous shoulder to replace the

granite curbing. This includes proper drainage.

The roadway will have twelve inches of gravel and stone foundation, with finish of tar seal, in addition to two inches of final black top finish. Speaking of costs, estimates purposefully put high, on Cedar Avenue, will set the abutters back \$417.28 per fifty foot lot. Costs per lot will vary as 1/3 of the cost is figured on the frontage, two thirds on the depth. Following the long discussions, homeowners in attendance voted to ask the Board to accept all six streets.
